Most importantly, I want to thank you for your donations during the Ebola crisis in Liberia. Now that the epidemic is under control, I wish to update you on Caring Hands International.

We were able to successfully distribute 300 50lb-bags of rice to the local villages throughout Liberia. The original plan was to also distribute to the other affected neighboring countries of Sierra Leone and Guinea. Due to immigration issues, we were only able to distribute to needy villages in Liberia.

With the Ebola crisis now over, thanks to the Almighty God and the support from the world community, we are now back on track with our original plan of Caring Hands International which is to open a Health Community Clinic in Chocolate City, Gardersville, Monrovia, Liberia.
